Our lovely owners were smart enough to purchase two units in this amazing complex quite a number of years ago. Due to overseas commitments and the fact they can only live in one at a time, you the lucky new owner have an amazing Sunshine Coast live in or investment opportunity available right now.

With so many lifestyle enhancing features Breeze The Boardwalk Coolum will no doubt make perfect sense for even the most astute beachfront buyer. Some of the complex features include but are not limited to.

\* Absolute pristine beachfront, no roads to cross
