NOW PRICED TO SELL - NEVER TO BE BUILT OUT VIEWS FOREVER

This 7th floor apartment sits on the peninsula of Point Cartwright in one of the most tightly held precincts of the whole Sunshine Coast. Views from any position inside or on one of the balconies are enough to take your breath away and it's simply not an exaggeration to state that better cannot be found anywhere worldwide. Never to be built out and surrounded by either ocean or green belt, privacy is and security abound in this location.

Looking north you have the entrance to the Mooloolah river, beaches of Mooloolaba, Alexandra Headland, Maroochydore and Noosa in the distance. Sweeping around south we can see the beautiful Glasshouse Mountains and then the Coral Sea and open ocean beaches of Buddina, Kawana, Wurtulla and Caloundra where humpback whales migrate throughout the year.
