## Move in by XMAS. Tradies, Truckers, Home based business, Dual living options, Li

Who doesn't like to have options right. As the heading suggests this private 2 acre property will allow you the space to do as you please. Lifestyle, development and home based business are just a few of the amazing opportunities around this fantastic property. Set amongst the tropical garden in a quiet northside court location only minutes to Caboolture town Centre and the Bruce Highway the location needs no endorsement.

Yes she is an older home but solid as a rock. Yes there is a power easement at the back but it does not impact the usability of the flat private block. Yes you have great hi-lift shedding for any business or machinery and a minimum of 13 lots for subdivision subject to council approval. Yes you have great neighbours but all this is irrelevant unless you are ready to buy as our owners are ready to sell now. Call or email Brad for a copy of your comprehensive information memorandum.
